**COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE AND
RESPONSE REGARDING INFORMATION DISCLOSURE STATEMENT**

Sir:

In response to the Reasons For Allowance provided with the Notice of Allowability of May 9, 2008, the Applicant appreciates the allowance of all claims. In response, the Applicant points out that the scope and patentability of each claim is defined with respect to the recitations thereof. The patentability and scope of each of independent Claims 1 and 11 are, thus, determined with respect to the respective recitations thereof.

Regarding the Information Disclosure Statement that was submitted concurrently with the Application, the Applicants appreciate the Examiner's consideration of all U.S. and foreign patent documents cited therein. The Applicants have not resubmitted the International Search Report or the International Preliminary Examination Report for consideration because these documents do not constitute prior art. These documents were only submitted for the Examiner's convenience to show the status of prosecution of the related International PCT Application.

Respectfully submitted,
